

One Room School House

It's summer again, hurray!!! We are starting our summer Sunday School programme for 2018.

Our **One Room School House (ORSH)** began on Sunday, June 10th, and we are looking for volunteers to teach a class or two during the summer season.

We have a wonderful group of dedicated teachers who devote their time during the fall, winter and spring to educating our children. They deserve a rest before they start to teach again in the fall.

We have eight teaching Sundays this summer, so if you could find the time to teach one of these classes, it would be much appreciated.

The theme of this summer's classes is "God's Love". The dates are listed on the back. Please check the dates that work for you and fill out your contact information.

If you have any questions or require more information, please don't hesitate to contact me at any time.

Thank you for participating and have a great summer!
